## PRESS RELEASE

### **Arcadia Communities Certified as a Great Place to Work®**

-Arcadia Communities certified by Activated Insight's as a Great Place to Work

*[Louisville, KY., September 7, 2022]* – Great Place to Work Institute and its senior care partner Activated Insights have honored Arcadia Communities with certification as a Great Place to Work for the third year in a row. The certification process involved surveying 95% of employees from across 7 locations and evaluating more than 60 elements of team members' experience on the job. These included employee pride in the organization's community impact, belief that their work makes a difference, and feeling their work has special meaning. Rankings are based on employees' experiences, no matter who they are or what they do.

"We've continued to work hard to support our team members through these challenging times and build on our unique culture. It is very gratifying to receive such positive feedback from our associates throughout the company and we're so proud to once again be recognized as a great place to work. The caring team of professionals are the centerpiece of Arcadia and their commitment to caring for those we serve, operating with honesty, integrity and compassion and a focus on quality truly make us who we are," said Brian Durbin, President of Arcadia Communities.

"I am particularly proud of the dedication and selflessness of our team from leadership to all our wonderful staff who show up every day eager to enhance the lives of our residents. It is an honor and privilege to serve beside and lead these great ladies and gentlemen," said Durbin.

"We applaud Arcadia Communities for seeking certification and publicly sharing its employees' feedback," said Dr. Jacquelyn Kung, of Great Place to Work's senior care partner Activated Insights. "These ratings measure its capacity to earn its own employees' trust and create a great workplace for high performance."
